Four Guiding Principles of Growth

1. People develop best while they are in the game.
2. Personal growth is born out of self-awareness.
3. It's difficult to grow without trusted relationships.
4. People grow best when they own their growth.

Corporate Culture

Generative - Mutual respect and purpose.
Growing, creative and deals with conflict well.

Habitual - Repetitive, no purpose, draining,
why do we do what we do? Avoids conflict.
